

## Adoption Request Form

The aim with this questionnaire is to find the best dog/owner match so that after the adoption both dog and owner are happy. The other aim is to clarify that adoption is a big commitment and a big decision that must be taken very seriously.

All the details you provide are protected and will only be used exclusively for the adoption or fostering of a dog.

Please answer these questions as honestly as possible. You can write as much as you'd like.
